

# Using the “Exit Survey Feature”

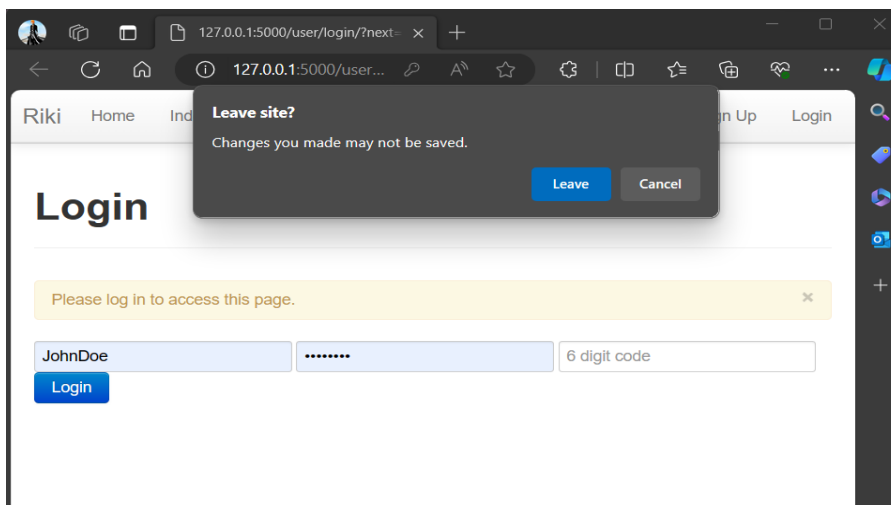

The “Exit Survey Feature” allows users to provide feedback according to their experience. Whether the feedback be positive or negative, if the survey will appear when the user attempts to exit the browser, and upon submit save the user input in a json file

## Usage:

As a user, attempt to leave the application, click “x” on browser

will be prompted with confirmation if the user wants to leave

if you click no, a survey form will appear, it will also appear if you only hover over the x
